

## Journey Gear Hire

Kiwi Adventure can hire out gear for journeys and events. It is understood that the hirer is responsible for looking after the equipment and returning it in good clean condition. In the event of any damage or loss it is expected the hirer will pay a replacement cost for the lost or damaged items, or a repair cost if they are able to be repaired back to the standard when hired out.

|                                     | Replacement Cost | Hire Charge                       |
|-------------------------------------|------------------|-----------------------------------|
| Tent                                | \$450            | \$10 a day                        |
| Tent poles                          | \$60             |                                   |
| Tent pegs                           | \$8 each         |                                   |
| Pack                                | \$300            | \$7 a day                         |
| Bedroll                             | \$20             | \$2                               |
| Stove                               | \$140            | \$10 a day with empty fuel bottle |
| Fuel bottle                         | \$40             |                                   |
| Sleeping Bag                        | \$300            | \$30                              |
| Boots                               | \$200            | \$5 per day                       |
| Headtorch                           | \$60             | \$2.50 day without batteries      |
| Plate, bowl, Mug, knife, fork Spoon | \$10             |                                   |
| Waterproof Jacket                   | \$175            | \$5 per day                       |
| <b>Bond</b>                         |                  | <b>\$50</b>                       |
